A phone call was received from Bill Preston, who you can remember as losing his jacket at the fall foliage event in Branson, MO. He said that when he was opening his presents in Phoenix, AZ, one of his presents was his jacket he had lost in Branson. Much to his surprise, it had gotten to his son's home. One of the Springfield, MO car club members said that they had a real hard time getting the jacket away from some homeless person. We're just glad that it was finally returned to it's owner.
