July 2011

Dear Classic Chevy Club Members,

I would like to express my sincere appreciation for your hard team work and generosity surrounding the Edmond Car Show benefiting the Boys Ranch Town (BRT). I would especially like to thank the Houser and McIninch families for their contributions. The Boys Ranch Town saved my life and the lives of many others. I visited the grave of Charles T. Boldin, former superintendent of BRT, during the memorial day weekend and tearfully again read the inscription, "CHANGING LIVES ONE BOY AT A TIME".

I am at a loss for words; I can not articulate how your support has impacted me and my family. I watched many members of the club labor freely and with enthusiasm for the benefit of the BRT. I also observed the collective disappointment, expressed in fellow members' faces, as we realized the attendance was disappointingly low.

The net result is that on May 21, 2011, a few of our members and I are going to deliver a Club Check to the BRT. Additionally, I would like to mention that there are members of our club support the BRT through contributions beyond our official club functions.

All I can say to all of you is, "Thank you, thank you, thank you for your care, your generosity, your labor and for your friendship."

God Bless You and the U.S.A.

Springfield & CCI International Convention

June 8th, Larry & I traveled over to Springfield, MO and to the CCI convention. We were to stay at the Ramada Oasis hotel and finally got a room that was where we could see the show cars and enjoy the shade. I must say that it was hot there. We were always chasing the shade while we were there.

We lucked out and met up with friends that were members of our sister club, Tulsa Classic Chevy Club Ltd. and parked with them. We had fun visiting with Rex & Myrtle Buzan, Terry & Kay Simpson, Kenny & Marsha Aikens and on Friday, Ray & Vicki Addington, Bob, Cheryl & Josh Plet. We got all the problems of the world solved while visiting with them. We also caught up with the Springfield Classic Chevy Club.

After spending the days cleaning and shining the cars, it was time for the judging to begin. Of course, Kay, Myrtle & I stayed out of the sun as much as we could, but we had to look over the cars in attendance.

The Springfield club had so many things for all of us to do. The ladies played bingo for some really neat door prizes. The barbeque food was great with really neat door prizes. The dance had a great band and really neat door prizes. They must have collected door prizes for 2 or more years to get all that they gave away.

After the judging was over with, we lined up for a cruise along Route 66. We got to see where the road went thru Springfield and went out to the last steel suspension bridge in Missouri and had our picture taken on the bridge. Visited an old filling station and the owner took our pictures and served ice cold watermelon to all.

On Sunday morning, there was breakfast and the awards ceremony. Larry & I scored a 949 out of 1000 points and when we got our judging sheets, we noticed that who ever ran the totals of our points didn't use the average of points deducted to get our score, they used the total of our points deducted. Hence, we should have scored a 983 out of 1000. BIG DIFFERENCE!

We had a wonderful time and only wish that more of our club would participate in the Classic Chevy International shows. They are a lot of fun and you get to meet a lot of new friends. When Larry & I go to these shows, we feel like we are going to a family reunion because of all the friends we have made through the years. Try it sometime, you might like it.
