Goodbyes until next year.

Saturday evening (not a part of the cruise) is the Colt's Cruise In by the City Heat Cruizers at 39th and N. Penn.

COCCC hosts NOAA Partners at Crossroads

By Keli Pirtle Tarp

Public Affairs Coordinator
NOAA Weather Partners

Staff from the NOAA Weather Partners in Norman and volunteers from the Citizen Response Team will help NOAA Weather Radio owners program their NOAA Weather Radios from 10 a.m. to 5 p.m. Saturday, May 19, at Crossroads Mall as part of Cruisin' OKC.

There will be tables set up in front of COCCC member's Mike Connors' hobby shop at the east end of the mall.

A NOAA Weather Radio with an alarm and battery back-up is an important safety device and one of the best ways to protect your family from tornadoes, especially at night when the alarm feature can wake you up.

The severe weather information on NOAA Weather Radio can prompt you to take life-saving action.

It is also a cue to turn to commercial radio and television for more information.

In the past year, Oklahoma City area residents have purchased more than 17,000 life-saving NOAA Weather Radios through Operation Warn, an initiative to make available 100,000 specially-priced devices to central Oklahoma residents by the end of 2002.

It is coordinated by Oklahoma City Emergency Management, Oklahoma Department of Civil Emergency Management and NOAA's National Weather Service.

For more information call 360-3620 or 360-5928. Information is available online at:

<http://www.srh.noaa.gov/oun>

DIAMOND BALLROOM

8001 S. EASTERN

OKC OK

405.677.9169 - 405.636.1199

Dick Dale Coming to OKC

► 'King of the Surf Guitar' to rock the house

By Charles Stookey
Dashboard Editor

Surf guitarist Dick Dale will be the headliner at the Diamond Ballroom Saturday, June 9.

Dale is arguably the best guitarist to come out of the surf music genre.

Many say Dale created the genre in the '50s and was given the title "King of the Surf Guitar" by his fellow surfers with whom he surfed with from sun-up to sun-down.

There is plenty of parking and club members are invited to bring their car to this event.

Purchase of advance tickets is recommended if you are bringing your car so enough space can be reserved at the front of the parking lot.

Spokesmen say there will be security in the parking lot.

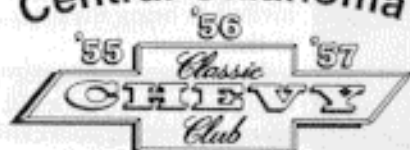

Please call the the numbers in the poster if you want more information about this rock 'n' roll event.

Please call the Stookeys (405-329-6864) if you plan on driving your classic to this event so they can coordinate the reserved parking situation with ballroom personnel.

This is not an official event of COCCC. It is being promoted to the club by the Stookeys.

If you enjoy surf music, this is a **must attend** musical event.

Next meeting:

The May meeting will be held at at 2:00:45.3 on Sunday, May 13, 2001, at the A&W Drive-In just east of the intersection of South Western and 89th Street. Wear something Chevy or face paying an exorbitant fine.

Sunday,
May 13

Important things to know

► This is the last meeting before we host our venue for Cruisin' OKC. This promises to be much less work than Cruisin' Bricktown® ever was but we still need member participation at our site to ensure a smooth operation. Your club representatives to the Cruisin' OKC committee (Bill Washam and Marilyn Stookey) have been working hard to make sure the club's venue is top quality. Barring severe weather the appearance of a University of Oklahoma doppler radar truck could well be a first for any show. In addition, the OU race car and NOAA Weather Partners participation adds even more interest and will certainly draw public's attention. Who knows. Perhaps the OKC media will even take notice for the first time since the early '90s. COCCC member participation is even more crucial Sunday during the awards ceremony. This event will be at our venue and we will not only host the show participants but the other club's that are participating in Cruisin' OKC. It's a great opportunity to really shine in front of our peers.

— Charles Stookey
