

The Dashboard

A Publication of Central Oklahoma Classic Chevy Club October 2025

Some people see October's fall as the death of tree leaves and the hibernation of other plants. Other people view October as the month Mother Nature shares her brilliance through an endless array of colors. Combine this with God's amazing design of our eyes that are equipped with receptors capable of collecting this awesome display, makes for blessed and unequalled experiences for all.

Hopefully, the timing of the 2025 Fall Foliage Tour will allow us to witness the wonders of God's colors.
